

# The RD Guarantee

## Get the Right Drive Now or it's Free.

The RD Speed Reducer can standardize your right-angle gearing requirements. Its interchangeability, WinGuard™ Stainless Epoxy Coating System, singular prefilled lubricant level, and integrated motor connection make RD the obvious choice to streamline operations.

**WinSmith will guarantee shipment for up to 5 of any standard RD configuration by the end of the next business day or the order is on us. \***

### The RD Advantage

- Compact design; 1.33 in. - 3.00 in. center distance
- Mobil Glygoyle\* 460 H1 registered lubricant
- Fret-free motor connection guarantees motor removal
- Interchangeable mounting options provide easy conversion
- WinGuard™ 316 Stainless Epoxy Coating Corrosion Barrier
- RD MAX incorporates a stainless steel output shaft

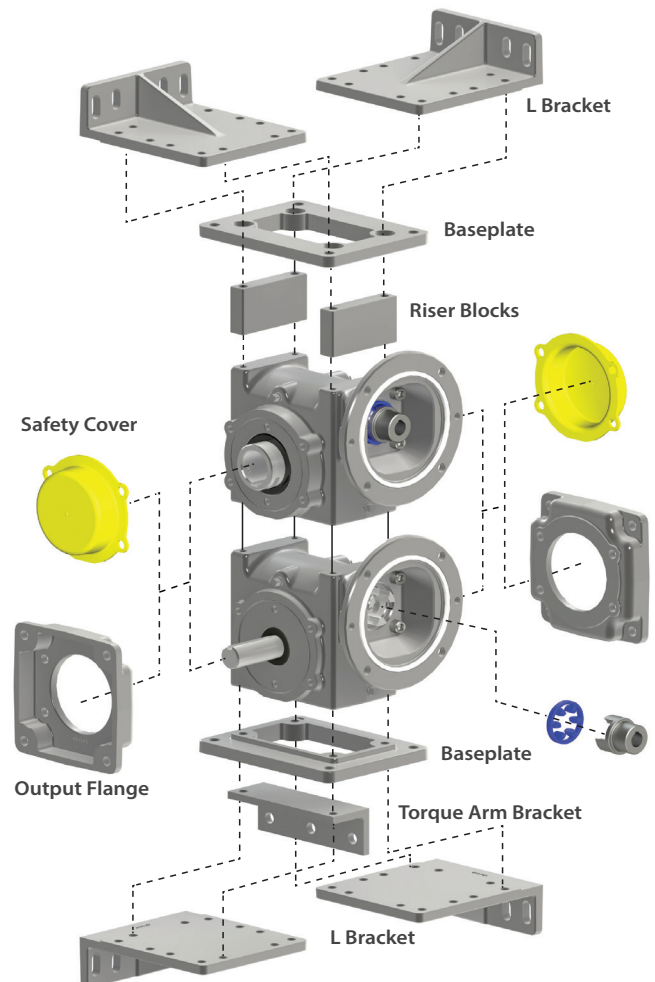

### RD Interchangeability

The RD Speed Reducer is interchangeable with Boston 700, Dodge Tigear 2, Grove GR, Hub City Power Cube, Morse Raider Plus, and Baldor 900 products.
